EVERYTHING HAPPENS SOMEWHERE

For its faithful representation of the territory

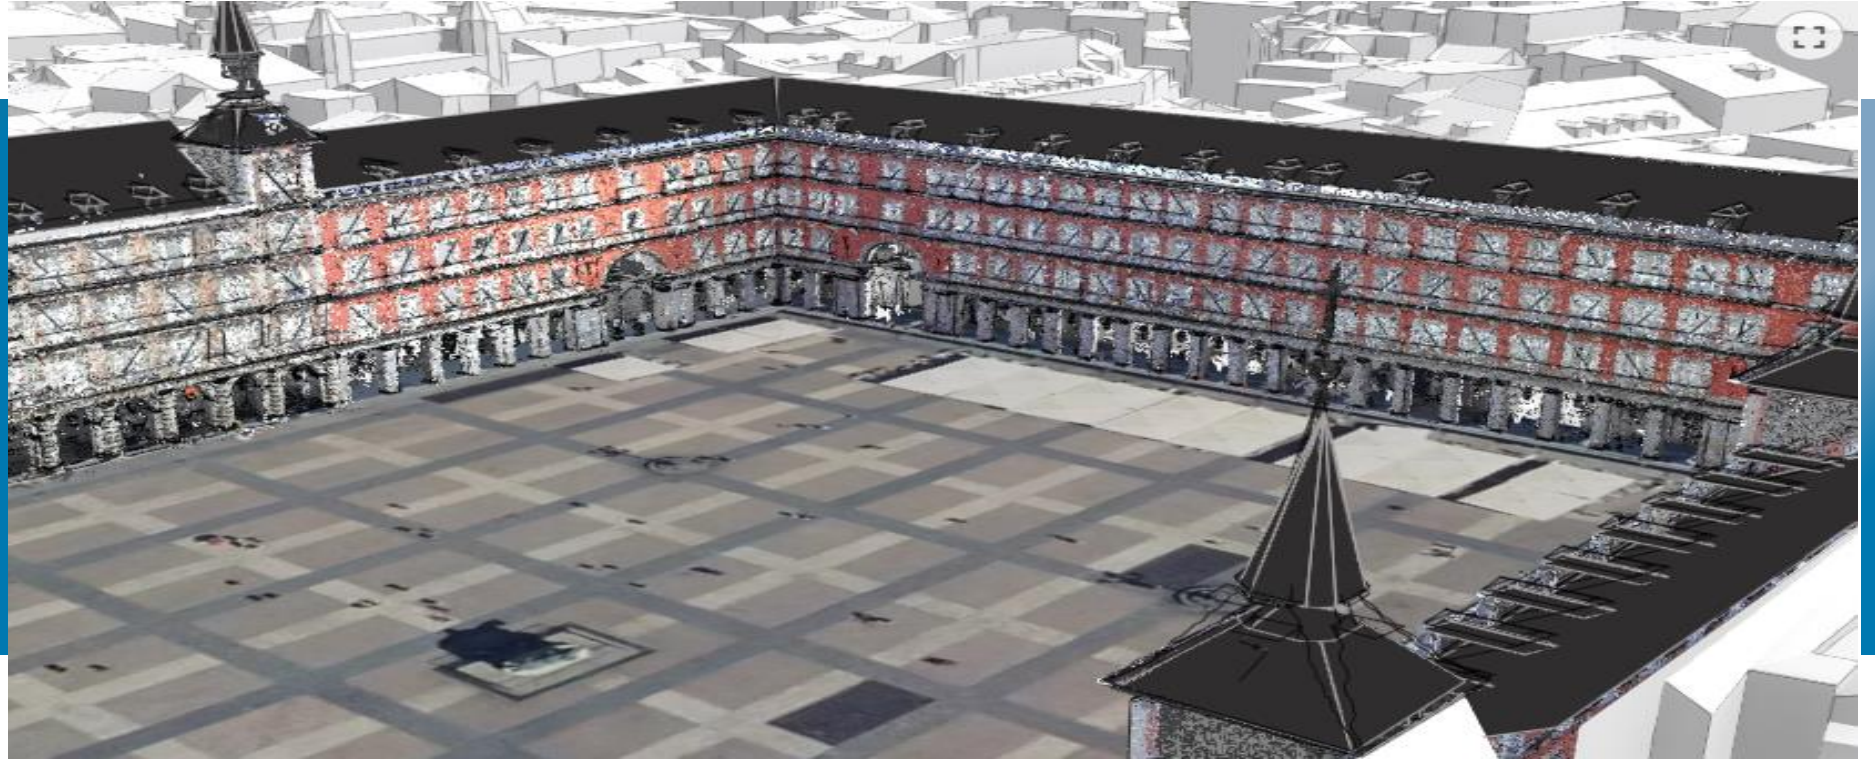

For its distributed management

For its commitment to geographic services

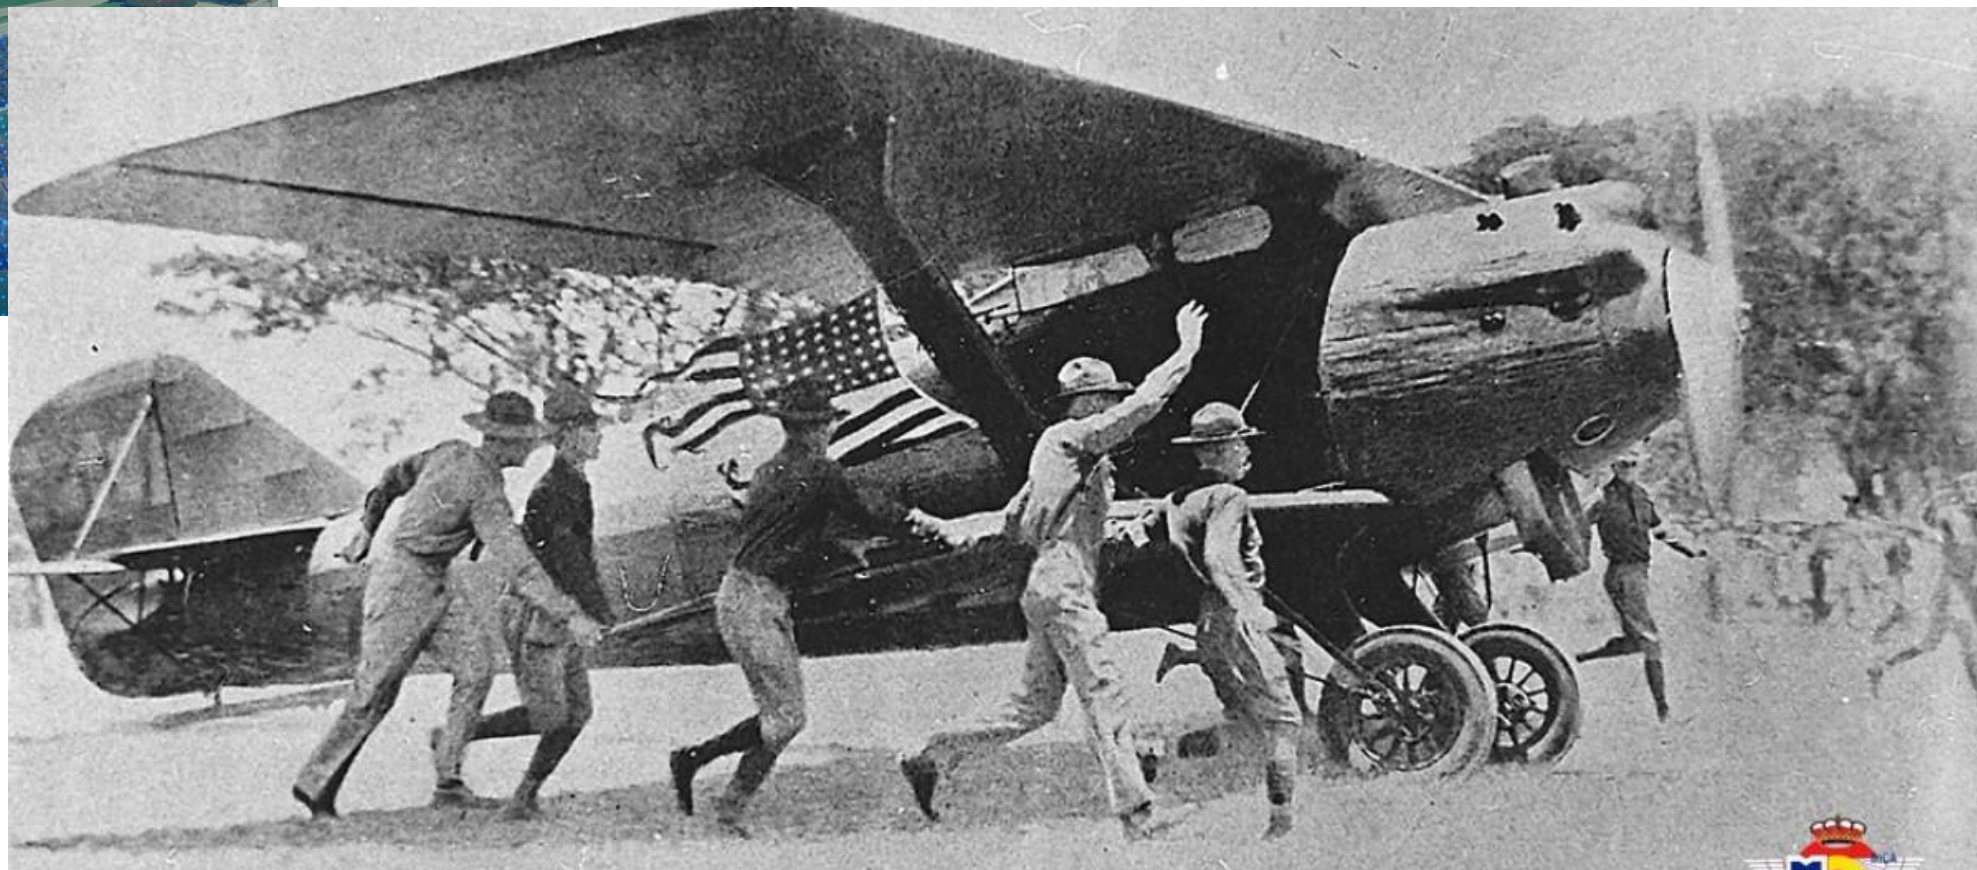

For its role in facilitating life in a city that plans and manages by evidence

01.

CARTOGRAPHIC PRODUCTION

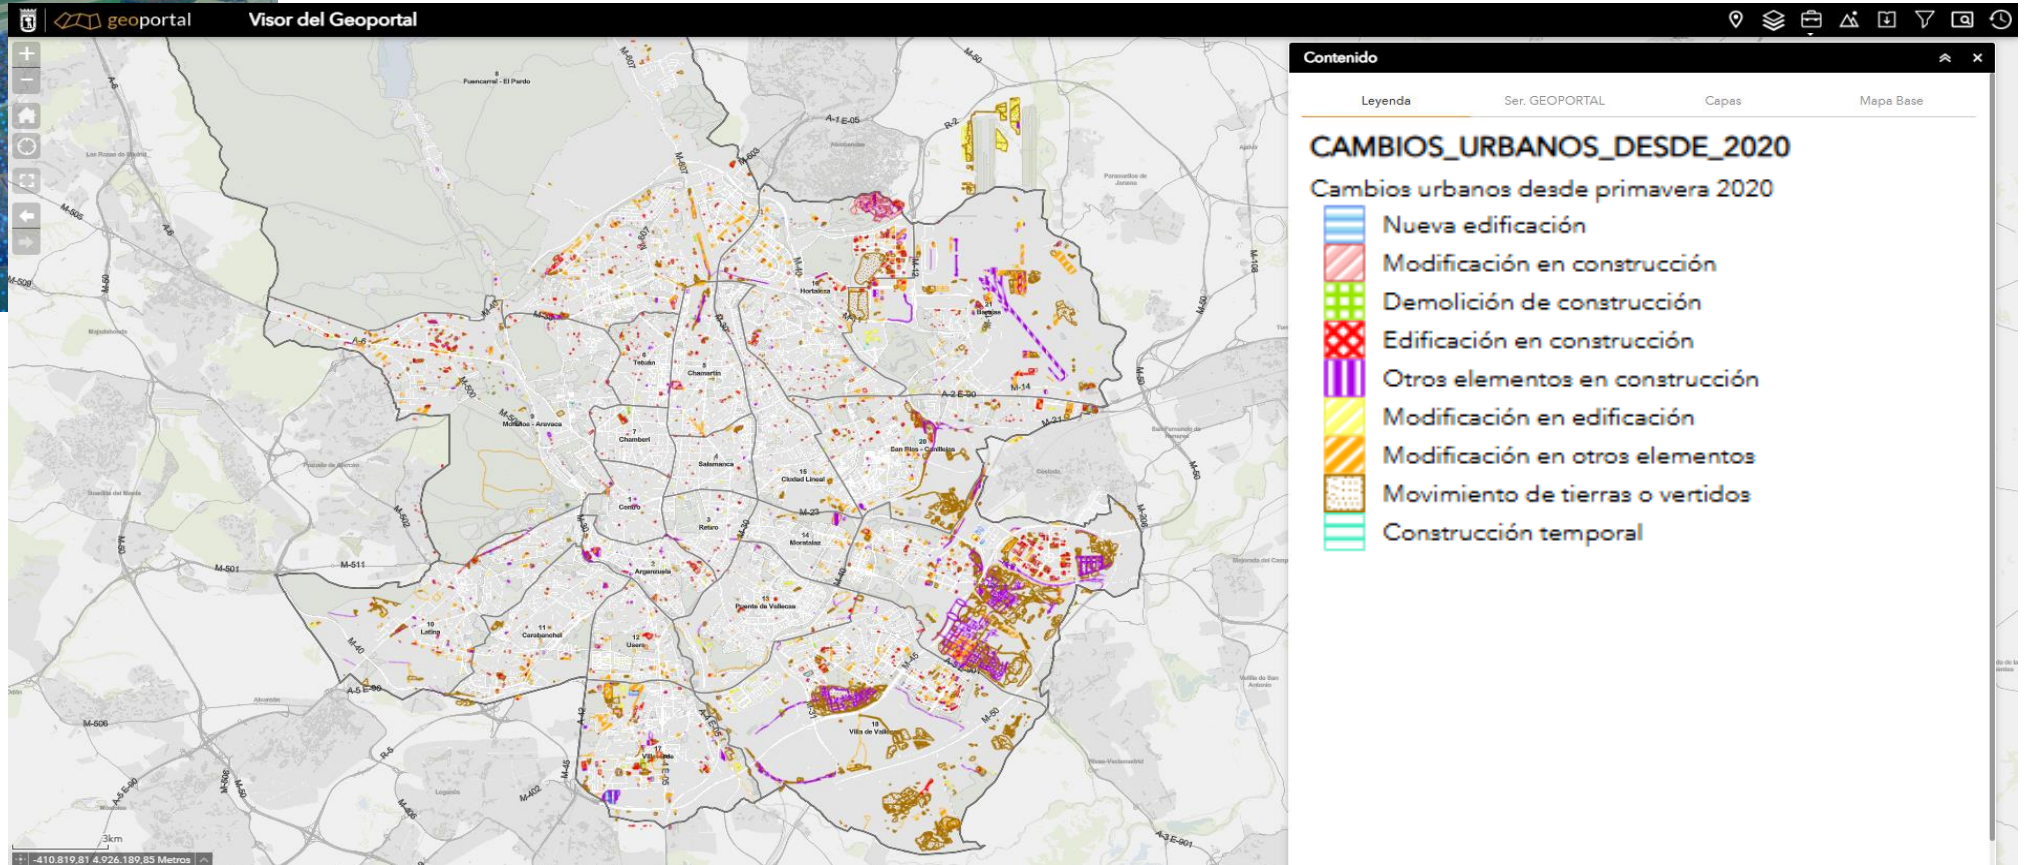

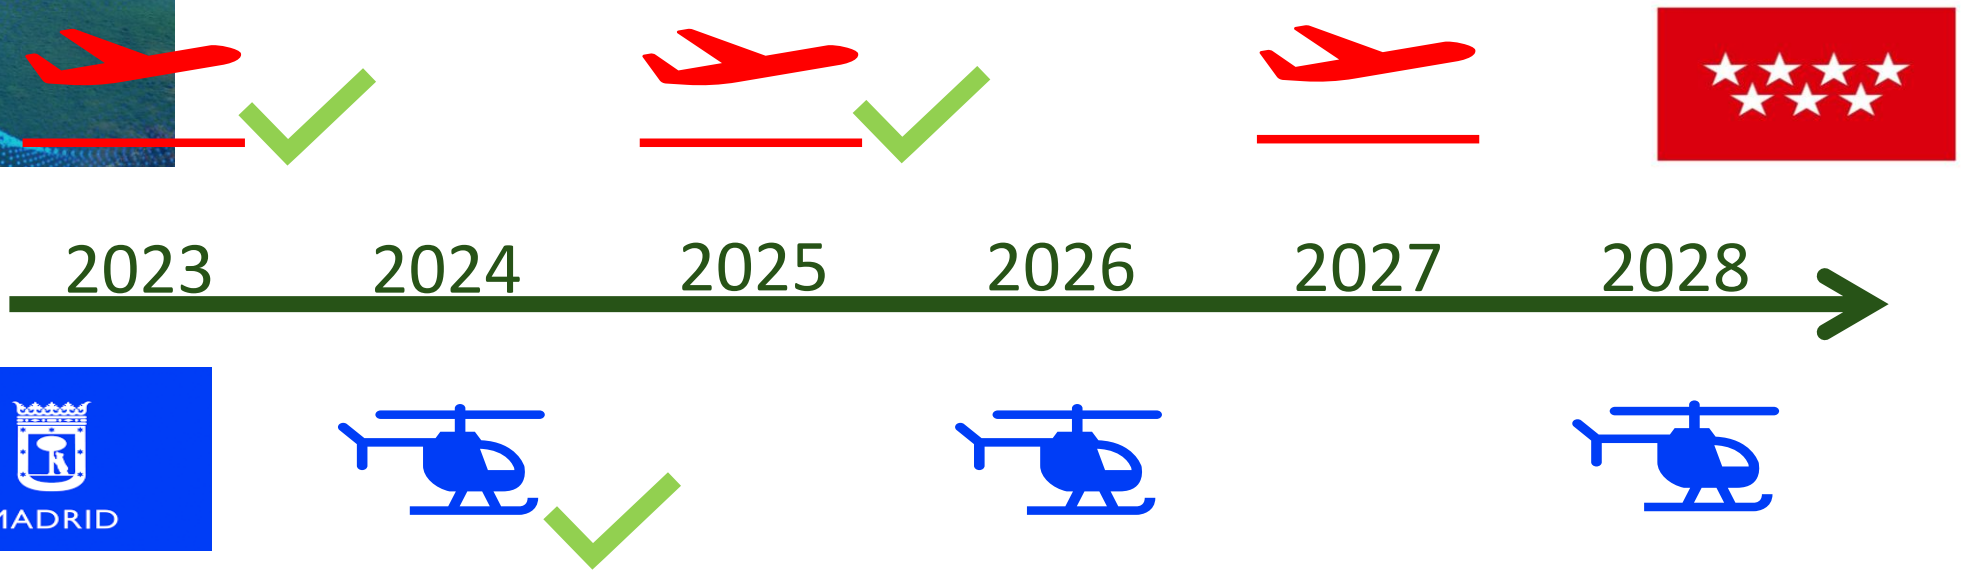

02.

DISTRIBUTED GOVERNANCE

928 datasets

4,7M files

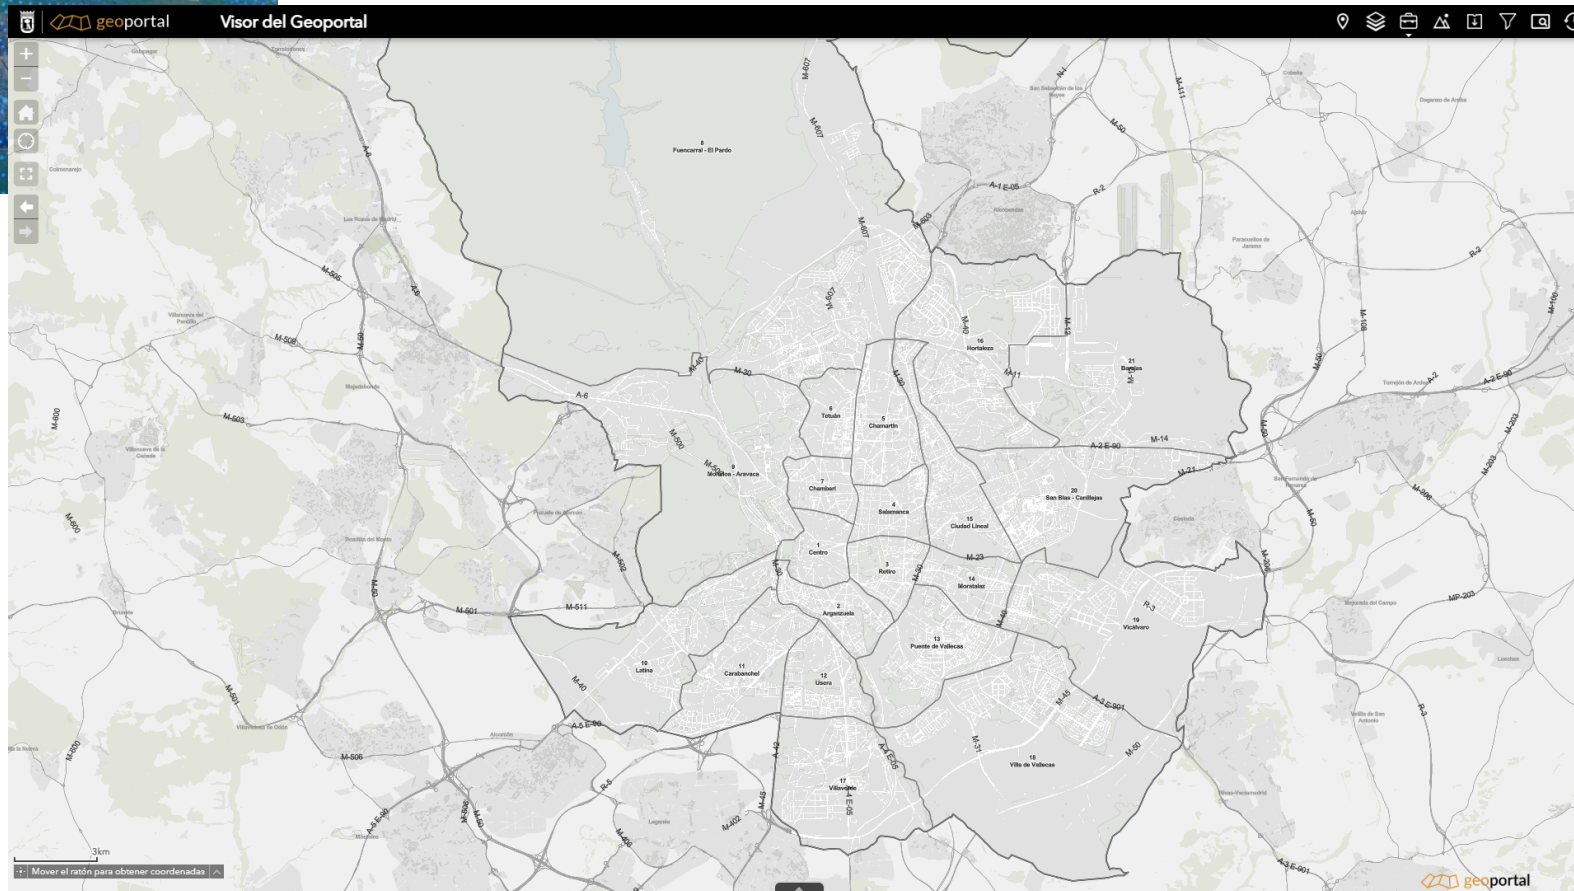

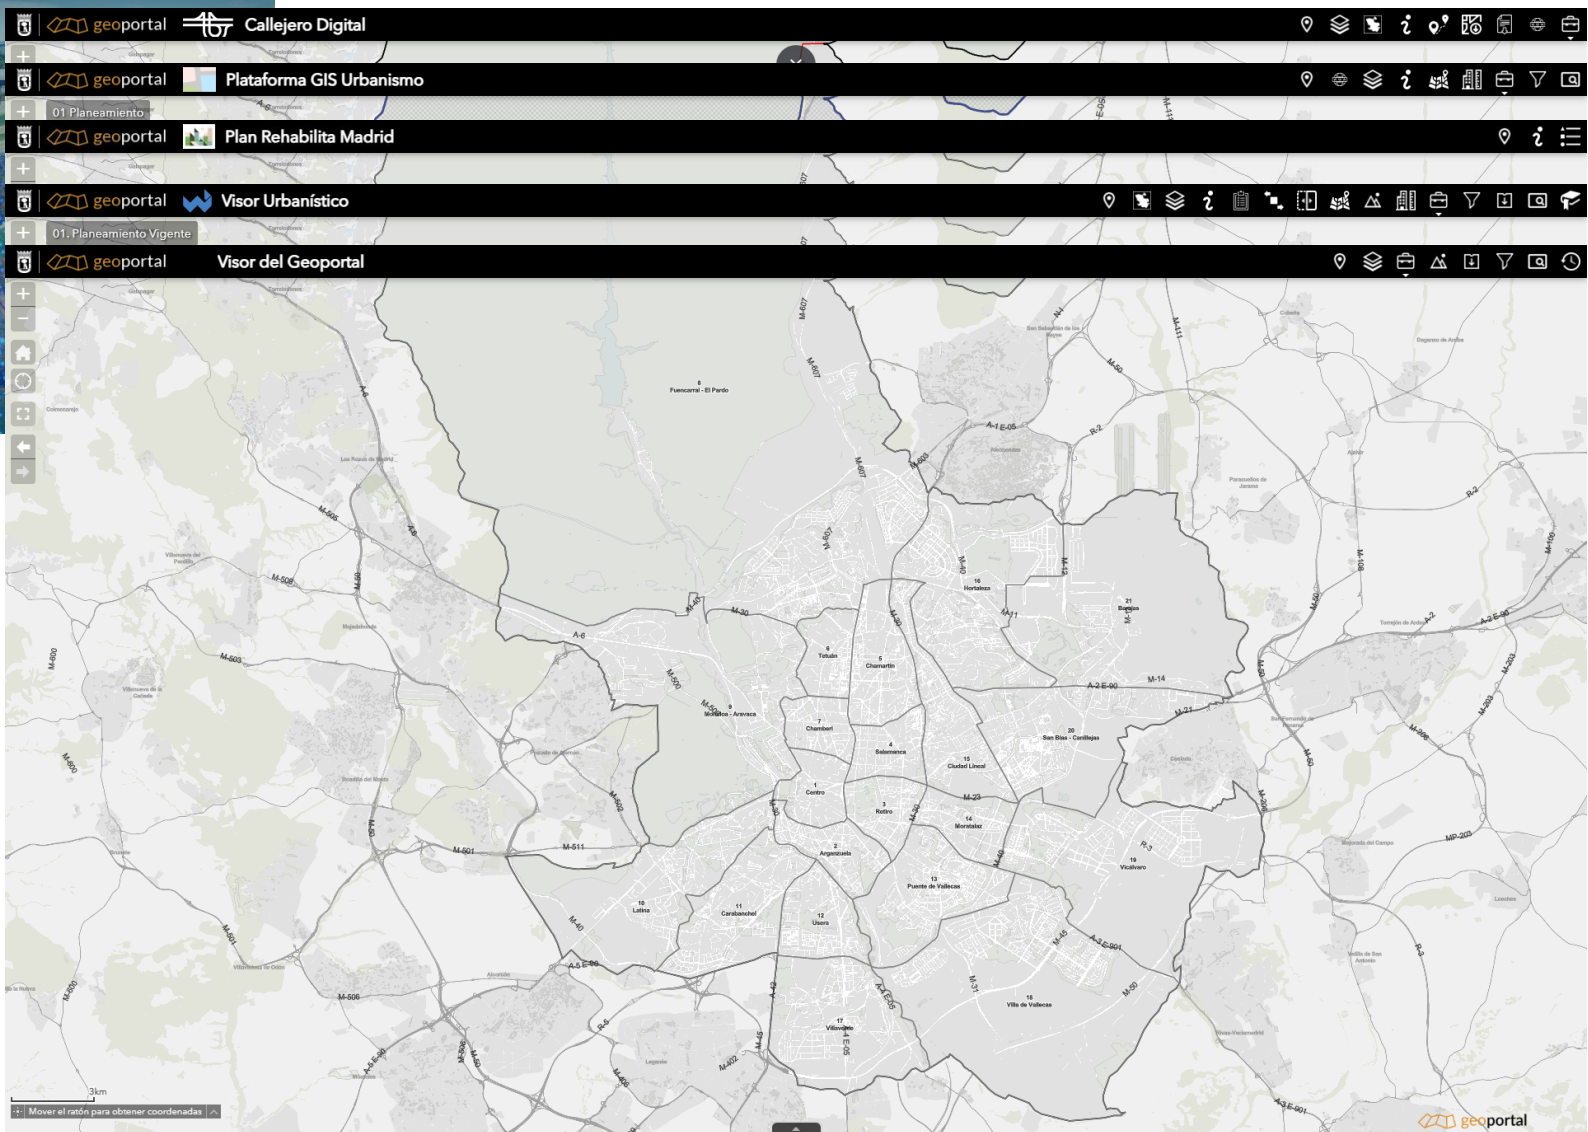

450TB info

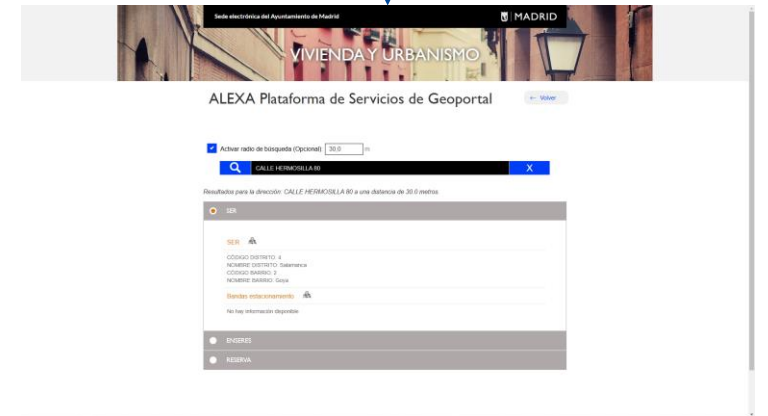

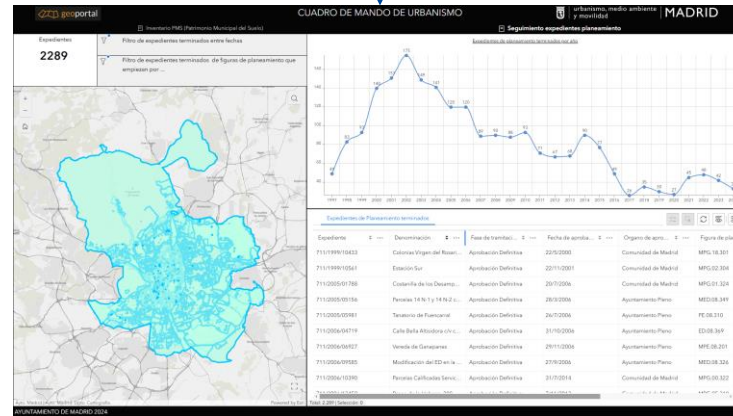

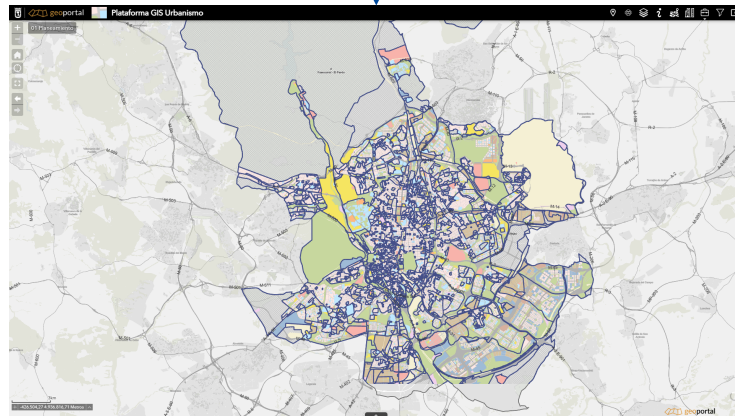

03.

GEOGRAPHIC SERVICES

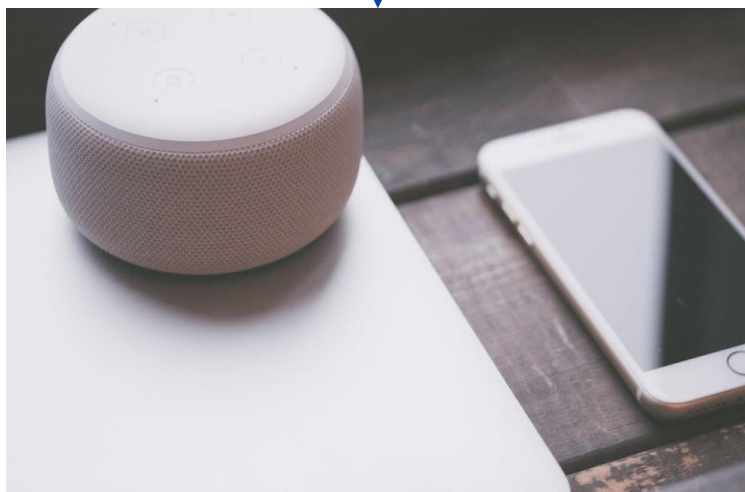

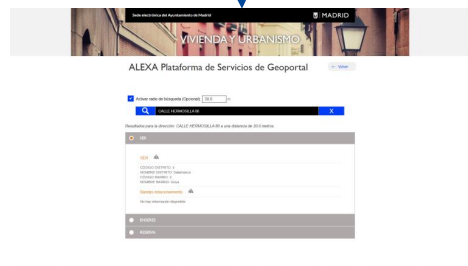

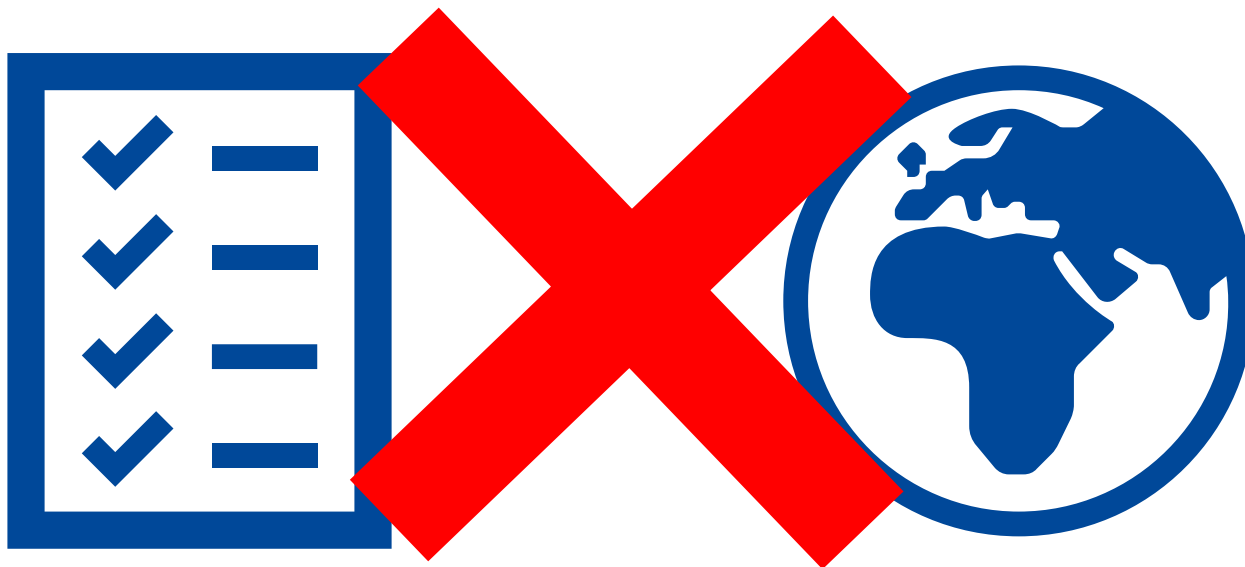

GDaas

04. KEY IDEAS

geoportal

geoportal

Cartographic layout
for the **Digital Twin**

Storage and distribution
of **corporate geographic information**

Geographical support
to the **smart process manager**

MAKE THINGS HAPPEN
WHERE THEY SHOULD

Thanks!
